## **Recommendation for Meeting April 5, 1922**

---

Appropriation for Schools — \$31,976.00. This amount recommended for schools does not include the one half the dog money recommended to be appropriated to clear away the brush in a dangerous condition near the South Union School.

In recommending the appropriation of this amount, this Committee submits the two following recommendations and suggestions:

1. That the Collector of Taxes for the Town proceed to collect directly from the Town Treasurer amounts payable by the Town to the Boston and Worcester Street Railway for school children's carfares, and apply such amounts to the taxes for the years 1920 and 1921 for which the Boston and Worcester is now in arrears.

2. That the School Committee ask for bids on the work of bringing school children to and from school, and award such work to the lowest bidder or bidders.

On articles in the Town Warrant we make the following recommendations:

- 1- Leave brushes standing up in gas. or turp. They won't dry up and get hard.
- 2- Thin your paint with Turp. if too thick. First stir it up well. you might have to stir it quite a while. Don't get the paint too thin.
